

# Become An El Mirage Event Sponsor!

The City of El Mirage Special Events Department would like to invite your participation as a premier sponsor of upcoming City of El Mirage events. Sponsorship allows you the opportunity to directly connect your business with El Mirage and other West Valley communities, which raises the name recognition and awareness of your business among all the thousands of patrons who attend our signature events.

Special Events in El Mirage are attended by thousands of residents during the year. El Mirage Special Events are highly visible and utilize our city's first class park and recreation venues such as Gentry Park and Gateway Park. Our special events are supported by the community and sponsors receive great interaction for their business with the patrons that enthusiastically attend. We organize and produce top level events that are well attended and are a vital part of the social and recreational life of El Mirage and its residents. Over 25,000 residents attended our events last year.
